THE ALUMNI REGISTER OF SWARTHMORE COLLEGE

The Register of Graduates and Non-Graduates is printed giving a list by classes, an alphabetical list, and a geographical list. The names of the members of the Board of Managers and the Faculty are arranged in alphabetical lists, each list giving all available information.

The information contained in these records is derived from many sources. Some errors are practically unavoidable, in a publication of this kind, covering a period of seventy years. It will be esteemed a favor if anyone noting needed corrections or additions will send to the Alumni Recorder such information as will improve the volume in future editions.

THE BOARD OF MANAGERS
OF
SWARTHMORE COLLEGE
1862-1935

MEMBERS OF THE BOARD OF MANAGERS OF SWARTHMORE COLLEGE FROM 1862-1935

It was about the end of the year 1860 that a little company of Friends, assembled in Baltimore at the home of Martha Tyson, decided that one of the chief needs of the Society was a greater opportunity for the education of their children, and resolved to take such steps as would afford this opportunity, and lessen this need. Martha Tyson and Benjamin Hallowell were the leaders of this group. Such was the inception of Swarthmore College. The name was suggested by Margaret Elgar Farquhar Hallowell, wife of Benjamin Hallowell.

This "concern" was carried from Baltimore to Philadelphia and New York Yearly Meetings, and two years later we read of "a meeting held at Race Street Meeting House, Philadelphia, on Twelfth Month Third, 1862, of the 'Subscribers to the fund for establishing a Boarding School under the care of Friends, in which a liberal education may be obtained by the youth of both sexes.' " At this meeting it was decided that "The name of this Association shall be 'Friends' Educational Association.' " It was also decided that the Association should "consist of those persons, male and female, who shall become stockholders," under the Act of Incorporation, and that the stockholders should annually elect "sixteen Managers of each sex."

After much examination of possible locations for the proposed "Boarding School," the Board of Managers, early in 1864, purchased the property "known as the West Dale property." In December of the same year, the Board reported to the entire body of the Friends' Educational Association that they had "procured from the Legislature of Pennsylvania a charter constituting a body politic and Corporate under the Corporate title of Swarthmore College."

Approving this action of the Board, the Association declared that, as all the action and organization of their body had "tended to the procurement of such a charter," the Friends' Educational Association "is hereby declared to be merged into the Corporation of Swarthmore College, conveying to said Corporation all its rights and interests." There was no change in officers, methods of organization, or in anything except name. The Corporation and Board of Managers of Swarthmore College are, therefore, identical with the corresponding bodies of the Friend's Educational Association.

It will be noticed that the list of members of the Board of Managers which here follows, dates from 1862. Many members of the College Board after 1864, had been, before that date, members of the Board of the Friends' Educational Association. As this body, after two years, became the College organization, it has seemed advisable to make no distinction of service, in the lists, giving only this brief history by way of preface.

The names of the members of the Board are arranged alphabetically. Each person's name is followed by his present address, or by the date and place of death, and this, in turn, by the date or dates of service on the Board, with the offices held, if any.

COMMITTEE WHICH SOLICITED SUBSCRIPTIONS FOR THE ESTABLISHMENT OF SWARTHMORE COLLEGE

During the half dozen years prior to the opening of Swarthmore College, an increasing number of interested Friends were included in a Committee for the collection of funds for the help of the new enterprise. Many of these Friends were, at the same time, or later, members of the Board of Managers. Others were never associated with the College in this way, and as this is true of some of those who had most to do with the foundation of Swarthmore, it has seemed advisable to print this list in its entirety.

REGISTER OF GRADUATES
OF
SWARTHMORE COLLEGE
Including Advanced and Honorary Degrees
1873-1934

REGISTER OF GRADUATES AND NON-GRADUATES

This Register of graduates and non-graduates presents the recipients of honorary degrees, a list of alumni and non-graduates arranged by years, the names of graduates of each year being followed by the list of non-graduates belonging to that class. Sub-sections are made for the different degrees conferred. The graduates are arranged alphabetically under each degree. The names of married women are arranged according to the maiden name. The following information is given after the names of graduates: Subsequent degrees (with dates) conferred by Swarthmore College; degrees, so far as obtainable, received from other institutions; address; occupation; public service performed. To the names of persons known to be deceased an asterisk (*) is prefixed, and the date and place of death are added. Beginning with the year 1903 the major subject is indicated by the abbreviation in parentheses following the name. Degrees received from other institutions, the address, occupation and public service of a graduate are given but once, under the year of the first degree conferred. In the cases of recipients of subsequent degrees, names are listed under the proper years and reference is made to the year of the first degree conferred. Where a second degree is given, with no indication of the institution conferring it, Swarthmore College is to be understood.

If, when a student was graduated, he was allowed by the faculty to receive his degree as with an earlier class, two entries of the name are made—one under the year of the class of which he was formerly a member and the other under the year in which the degree was conferred. In the first entry full information is given and the year in which the degree was actually conferred is inserted in brackets. In the second entry the name is preceded by an obelisk (†) and reference is made to the first entry.

A geographical list, an alphabetical list and a list of students of the old Preparatory School follow.

ALPHABETICAL LIST
OF
GRADUATES AND NON-GRADUATES

ALPHABETICAL LIST OF ALL GRADUATES AND NON-GRADUATES OF THE COLLEGE

Following the name of each graduate the degrees (with dates) received from Swarthmore College are given. In the case of non-graduates the class dates only are given. Married women are entered under both maiden name and married name. Those known to be deceased are indicated by an asterisk (*). By referring to the class lists of graduates and non-graduates additional information concerning any-one may be found.

STUDENTS
OF THE
FORMER PREPARATORY SCHOOL

STUDENTS OF THE FORMER PREPARATORY SCHOOL WHO DID NOT ENTER COLLEGE

At the time of the foundation of Swarthmore College, the Preparatory School was of importance and included more students than the Collegiate Department. As early as 1880, the lowest class of the Preparatory School was discontinued. The lower grades were gradually eliminated, and in 1893 there was left only a Sub-Collegiate Class, which by the next year had changed to "unclassified students" of the College.

The following list includes those students at Swarthmore who attended the institution but did not attain to collegiate rank. The two dates immediately after each name indicate the years during which the person was a student.
